

# Boxee for iPad

One Place to Discover, Watch, and Share Video

There's so much to watch on the web, and getting it all in one place can be a hassle. Boxee for iPad takes the work out of finding, viewing, and sharing online video, so you can watch what you want, when you want, without having to think about it.

## Social

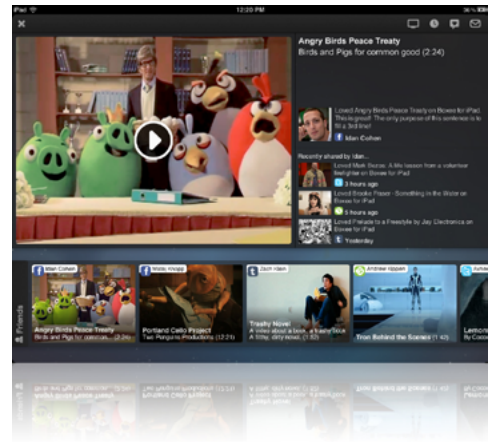

Never miss a hilarious or inspiring new video from your friends again. Boxee connects to your social life and delivers every video your friends share on Facebook, Twitter, and Tumblr to your iPad. Return the favor and share favorites with two taps. Boxee brings video sharing to the iPad in a way that's simple and unique.
